## Key to Symbols

\* Included in regular assortments.  
Varieties are annuals unless they are marked (†) for perennials or (‡) for biennials.  
A—Usually grown for attractive displays in the garden.  
B—Excellent for borders.  
C—How these can climb!  
H—High for backgrounds.  
M—For brilliant displays of mass coloring.  
O—Ornamental plants.  
R—Splendid for Rock Gardens.  
S—For semi-shady places.  
V—Vases and bowls were made for these.  
W—Especially suitable for window and porch boxes.

60. Bonfire\*  
350. Farinacea Blue†  
444. Farinacea Blue Bedder† 15c

## The Four Hundred

This list of Four Hundred Varieties represents the best families, the real aristocrats of the flower garden. Every variety is Triple Tested for (1) Germination (2) Quality of Flowers and (3) Completeness of Mixtures. We feel that our policy of rigid testing has been an important factor in the growth of our business during the last 60 years.  
The starred varieties are the best sellers. Most of them are included in our standard assortments. All others will be furnished upon request on the usual consignment basis, in envelopes many of which do not have pictures of the individual flowers. The retail price of the packets is 10c unless otherwise noted.

SCABIOSA CAUCASICA† (See Mourning Bride)
